

Blue Air Blow off ABS Wind Jet Air Nozzles

Blue Air Blow off ABS Wind Jet Air Nozzles have the following features:

- Only 1/4" male thread size is available
- Using Blue Air Blow off ABS Wind Jet Air Nozzles can help reduce operating costs and noise, improve worker safety and provide more precise, repeatable drying and blow-off.
- Blue Air Blow off ABS Wind Jet Air Nozzles use 25% to 35% less air than open pipe with perceived noise reductions ranging from 28% to 60%
- Max pressure for Blue Air Blow off ABS Wind Jet Air Nozzles is 7 bar
- Max operating temperature is 77°C
- General Application :

Applications where impact or a continuous stream of air is needed

Air recycling with existing compressed air lines

Drying

Cooling

Blow-off and moving materials

Performance Data
